PROCEEDINGS

Motion Hearing -- Held

NOTES AND ORDERS

In the consumer plaintiffs' case, No. 20-5761, the Court hears argument on plaintiffs' motion for class certification, MDL Dkt. No. 251, and defendants' motion to exclude the testimony of Dr. Hal J. Singer, MDL Dkt. No. 252, and takes the motions under submission.

The Court discusses the case scheduling requests with all parties in the MDL. The Court is inclined to grant a 45-day extension of all dates. The parties are directed to meet and confer, and submit a new proposed schedule. Any further extensions are highly unlikely to be granted.

For the Match plaintiffs' motion to dismiss the Google defendants' counterclaims in the *Match Group* case, No. 22-2746 (Dkt. No. 58), further briefing on the motion is stayed pending further order.

In the *Epic Games* case, No. 20-5671, the parties represent that they are close to a negotiated resolution of the discovery issue relating to Steam Deck raised by Google in Dkt. No. 285.
